Modern Apprenticeships in Scotland

What are Modern Apprenticeships?

Modern Apprenticeships offer those aged over 16 paid employment combined with the opportunity to train for jobs at craft, technician and management level.

Who develops them?

Modern Apprenticeships are developed by Sector Skills Councils (SSCs). SSCs consult with employers and key partners in their sector to produce a training programme, which meets the needs of employers.

Who are they for?

Modern Apprenticeships are available to employees aged 16 or over. Employees need to demonstrate to their employer that they have the potential to complete the programme. All Modern Apprentices must have a demonstrable need to acquire significant new knowledge and skills to fulfil their job role. The modern apprenticeship framework selected for the employee must be the most appropriate learning programme generally available to that individual, providing such knowledge and skills.

What's in a Modern Apprenticeship?

In Scotland, there are more than 70 different Modern Apprenticeship Frameworks and they are all designed to deliver a training package around a minimum standard of competence defined by employers through SSCs. There are four different levels of Apprenticeship in Scotland: SCQF 5 (SVQ 2), SCQF 6/7 (SVQ 3), SCQF 8/9 (SVQ 4) and SCQF 10 (SVQ 5). They all contain the same 3 basic criteria:

- A relevant SVQ (or alternative competency based qualifications)
- Core Skills
- Industry specific training

Details of the content of this specific Modern Apprenticeship are given in the next section.

Modern Apprenticeships in Game and Wildlife Management

The environmental and land-based sector currently accounts for approximately 115,700 employees and 24,500 businesses in Scotland. Research carried out by Lantra in 2010 shows that the Game and Wildlife management industry plays an important role in the environmental and land-based sector, representing 9% (2,300) of businesses and 4% (5,300) of employees. The industry employment base is mainly made up of seasonal or part-time jobs; due to this it is very difficult to provide clear statistics on business size. However, it seems that generally businesses are small across the sector. The British Association for Shooting and Conservation Research estimates that the average organisation has three volunteer workers.

A survey carried out by Public and Corporate Economic Consultants on behalf of 17 organisations involved in shooting and conservation revealed that shooters spend an estimated £2.5 billion a year on goods and services. This produces a direct financial benefit to the UK – defined as gross value added (GvA) – of £2 billion a year. This survey indicates a need to ensure we have trained individuals to support this sector to maintain its influence on the economy. The report also indicated that there are currently around 35,000 jobs directly supporting shooting and conservation in the UK. The industry also directly supports around 5,200 full time jobs in the food and accommodation sector which helps to sustain rural communities in the autumn and winter when conventional income from tourism has reduced. Therefore, it is crucial that the industry has well trained employees who can qualify by completing a flexible Modern Apprenticeship.

The game and wildlife management sector has two main purposes: protecting habitats and promoting biodiversity, as well as supporting tourism and recreation. Employees can work with a range of species; however, in Scotland they mainly focus on deer, rabbits and hares, and birds such as grouse, pheasant and partridge. Through their work the game and wildlife management industry encourages bio-diversity by protecting vulnerable, endangered species and wildlife habitats.

There are three main types of gamekeeper: lowland, upland and highland, and although some principles of their work will be the same they work in different ways and with different species. There are also two other areas of work that gamekeepers could be involved in: deer and game rearing (with approximately 40 million game birds released each year in the UK). These two areas of work involve similar basic knowledge but have specific specialities.

Microbusinesses dominate the sector in Scotland, with 83% of the sector employing 0-4 people; there are a small amount of businesses that don't fall into the norm and employ more than ten employees. Within the Game and Wildlife industry, the fact that they are often remote microbusinesses means that there is a reliance on staff being qualified with up-to-date technologies and practices. Once qualified, workers will be expected to work within relatively small teams and use their own initiative. As some of the work can be dangerous and there are several safety and welfare laws that must be followed, it is important that employees have the skills and knowledge to work in the industry.

The Game and Wildlife Management framework has taken note of all these important areas and built them into the Modern Apprenticeship to ensure that all learners are able to meet the needs of the industry now and moving forward.

The Game and Wildlife Management industry felt that by offering increased flexibility at SCQF Level 5 would allow learners to complete a Modern Apprenticeship that was relevant to them in their employment, allowing them to gain the knowledge and skills to work within the industry.

There are four SVQ's in Game and Wildlife Management at SCQF Level 5 covering the mainstream of work within the game and wildlife industry. The four SVQs contain specific mandatory units relevant to the sub-industry, as well as a variety of optional units, offering the maximum flexibility possible to allow the learner to complete a Modern Apprenticeship that is suitable for them.

The objectives of the SCQF Level 5 Modern Apprenticeship will be to address the following:

1. To increase the skills of the game and wildlife management industry in Scotland by:

- Upskilling those already working in game and wildlife management jobs to ensure that they attain the skills required to be competent in their profession.
- By training new entrants to the new standard ensuring new entrants obtain the skills and knowledge required to work in the sector.

This will be addressed through:

- The update of the SCQF Level 5 Modern Apprenticeship, to include the revised SCQF Level 5 SVQ's, which were updated to address skills and knowledge pitched at the incorrect level.

2. Encourage new entrants into the industry.

This will be addressed through:

- I. Updating the SCQF Level 5 Modern Apprenticeship to provide progression from schools or for career changers that will allow learners to progress onto the HNC.
- II. Increased awareness and promotion of the Modern Apprenticeship.
- III. Highlighting the benefits of Modern Apprenticeships to employers.

Summary of Framework

Diagram showing the contents of the Modern Apprenticeship in Game and Wildlife Management

Duration

Industry has agreed that the Game and Wildlife Management MA framework at SCQF Level 5 duration is 12 months depending on the candidate's previous experience. This includes 234 hours for off-the-job training. Please refer to the off-the-job training section for more details.

Mandatory outcomes

SVQ or alternative competency based qualification

- The following must be achieved:

Learners must complete one of the following qualifications:

- SVQ in Game and Wildlife Management – Deer at SCQF Level 5 (GN9122)
- SVQ in Game and Wildlife Management – Game Rearing at SCQF Level 5 (GN9322)
- SVQ in Game and Wildlife Management – Upland/Grouse at SCQF Level 5 (GN9722)
- SVQ in Game and Wildlife Management – Lowland at SCQF Level 5 (GN9622)

Core Skills

- | | |
|---|--------------|
| • Communication | SCQF Level 4 |
| • Working With Others | SCQF Level 4 |
| • Problem Solving | SCQF Level 4 |
| • Information and Communication Technology* | SCQF Level 4 |
| • Numeracy* | SCQF Level 4 |

* All Core Skills except ICT and Numeracy are mapped to the SVQ in Game and Wildlife Management at SCQF Level 5 and so do not require separate certification. ICT and Numeracy are not mapped and will therefore require separate certification at SCQF Level 4 or above.

Enhancements

The apprentice must achieve one or more industry specific certificates appropriate to the apprentice and the business in which he/she works – further details can be found in the framework section.

Suitable courses include:

- | | |
|-----------------|--|
| Training course | Safe Use of Pesticides PA1* Foundation Module |
| Training course | Safe Use of Pesticides PA6* Handheld Applicator |
| Training course | Brushcutting Operations |
| Training course | Safe Use of Chainsaws |
| Training course | Map Reading (sector approved) |
| Training course | Safe use of Rodenticides |
| Training course | Safe use of Aluminium Phosphate for the Control of Vertebrate Pest Control |
| Training course | Dear Stalking Certificate |
| Training course | Safe lifting techniques |

Training course	Health and Safety: Working at heights
Training course	Trailer Towing: on road
Training course	Trailer Towing: off road
Training course	Power Boat
Training course	Game Bird Disease
Training course	All-Terrain Vehicle Handling
Training course	Game Meet Hygiene
Training course	Snaring and Safe Use of Snares
Training course	Tractor Driving
Qualification	Emergency First Aid – those currently on offer are listed below
Qualification	Health and Safety at Work – those currently on offer are listed below

Ref. no.	Awarding Body	Title
GN0T 46	SQA	Emergency First Aid at Work at SCQF Level 6
R539 04	FAQ	Emergency First Aid at Work at SCQF Level 6
R540 04	ITC	ITC Certificate in Emergency First Aid at Work at SCQF Level 6
R529 04	FAAL	Award in Emergency First Aid at Work at SCQF Level 6
R542 04	STA	STA Award in Emergency First Aid at Work at SCQF Level 6
R544 04	Highfield Qualifications	Award in Emergency First Aid at Work at SCQF Level 6
R553 04	SafeCert	SafeCert Award in Emergency First Aid at Work at SCQF Level 6
R204 04	NEBOSH	Award in Health and safety at work at SCQF Level 5
R449 04	ITC	Award in Health and safety in the workplace at SCQF Level 5
R225 04	FAAL	Award in Health and Safety in the workplace at SCQF level 5
R447 04	SafeCert	Award in Health and Safety in the work place at SCFQ Level 5

*Please note that PA1 must be completed plus one other i.e. PA6, PA2 and will only be accepted as meeting this requirement if both the knowledge and competence components are achieved.

Where a certificate has an expiry date, it must be current at the time of completion of the Modern Apprenticeship.

The above list is not exhaustive. There is flexibility to allow for additions to the list by agreement between the employer, the training provider and the learner at the beginning of the Modern Apprenticeship, which must then be agreed with Lantra.

Optional Outcomes

Additional SVQ Units/Qualifications/Training

Unit H2RE 04 Identify Tree Species and Their Properties SCQF Level 6

The Framework

Duration

It is expected that apprentices following this framework will take 12 months to complete. This includes 234 hours for off-the-job training. Please refer to the off-the-job training section for more details.

Mandatory Outcomes

SVQ(s)/ CBQs

Each apprentice is required to achieve the following Qualification:

Learners must complete one of the following qualifications:

- SVQ in Game and Wildlife Management – Deer at SCQF Level 5 (GN9122)
- SVQ in Game and Wildlife Management – Game Rearing at SCQF Level 5 (GN9322)
- SVQ in Game and Wildlife Management – Upland/Grouse at SCQF Level 5 (GN9722)
- SVQ in Game and Wildlife Management – Lowland at SCQF Level 5 (GN9622)

All Scottish Modern Apprenticeships must contain a relevant Scottish Vocational Qualifications (SVQs) or Competency Based Qualifications (CBQs). SVQs and CBQs are work-based qualifications based on National Occupational Standards of competence drawn up by representatives from each industry sector. They are made up of units – normally between six and ten – which break a job down into separate functions reflecting the different kind of activities of a job. SVQs and CBQs are available at a range of levels – although most are at SCQF Levels 5, 6 and 7 (SVQ Level 2 and 3). When someone has achieved an SVQ or CBQ, there is a guarantee that they have the skills and knowledge needed to do their job.

Core Skills

Each apprentice is required to achieve the following core skills:

Core Skill	City & Guilds	Edexcel	EDI	SQA
Communication (SCQF level 4)	F450 04	F82L 04	F44B 04	F426 04
Numeracy (SCQF level 4)	F454 04	F830 04	F44F 04	F42A 04
Information and Communication Technology (SCQF level 4)	F458 04	F834 04	F44K 04	F42E 04
Problem Solving (SCQF level 4)	F45C 04	F838 04	F44P 04	F42J 04
Working with Others (SCQF level 4)	F45G 04	F83D 04	F44V 04	F42N 04

Communication, Problem Solving and Working with Others core skills are embedded within the mandatory units of Game and Wildlife Management SVQ's at SCQF Level 5. Information and Communication Technology and Numeracy should be separately certificated at SCQF Level 4 or above.

Core Skills are skills and abilities which everyone needs in their work. This is true for every job in every workplace. Core Skills also feature in National Qualifications such as Standard Grades and Highers and from 2000, Scottish candidates have been issued with a Core Skills profile on their Scottish Qualifications Certificate. Candidates who have already been certificated as achieving Core Skills at the levels given above – either in the workplace or at school or college - do not need to repeat these Core Skills as part of the Modern Apprenticeship Framework.

Enhancements

The apprentice must achieve one or more industry specific certificates appropriate to the apprentice and the business in which he/she works – further details can be found in the framework section.

Suitable courses include:

Training course	Safe Use of Pesticides PA1* Foundation Module
Training course	Safe Use of Pesticides PA6* Handheld Applicator
Training course	Brushcutting Operations
Training course	Safe Use of Chainsaws
Training course	Map Reading (sector approved)
Training course	Safe use of Rodenticides
Training course	Safe use of Aluminium Phosphate for the Control of Vertebrate Pest Control
Training course	Dear Stalking Certificate
Training course	Safe lifting techniques
Training course	Health and Safety: Working at heights
Training course	Trailer Towing: on road
Training course	Trailer Towing: off road
Training course	Power Boat
Training course	Game Bird Disease
Training course	All-Terrain Vehicle Handling
Training course	Game Meet Hygiene
Training course	Snaring and Safe Use of Snares
Training course	Tractor Driving
Qualification	Emergency First Aid – those currently on offer are listed below
Qualification	Health and Safety at Work – those currently on offer are listed below

Ref. no.	Awarding Body	Title
GN0T 46	SQA	Emergency First Aid at Work at SCQF Level 6
R539 04	FAQ	Emergency First Aid at Work at SCQF Level 6
R540 04	ITC	ITC Certificate in Emergency First Aid at Work at SCQF Level 6
R529 04	FAAL	Award in Emergency First Aid at Work at SCQF Level 6
R542 04	STA	STA Award in Emergency First Aid at Work at SCQF Level 6
R544 04	Highfield Qualifications	Award in Emergency First Aid at Work at SCQF Level 6
R553 04	SafeCert	SafeCert Award in Emergency First Aid at Work at SCQF Level 6
R204 04	NEBOSH	Award in Health and safety at work at SCQF Level 5
R449 04	ITC	Award in Health and safety in the workplace at SCQF Level 5
R225 04	FAAL	Award in Health and Safety in the workplace at SCQF level 5
R447 04	SafeCert	Award in Health and Safety in the work place at SCFQ Level 5

*Please note that PA1 must be completed plus one other i.e. PA6, PA2 and will only be accepted as meeting this requirement if both the knowledge and competence components are achieved.

Where a certificate has an expiry date, it must be current at the time of completion of the Modern Apprenticeship.

The above list is not exhaustive. There is flexibility to allow for additions to the list by agreement between the employer, the training provider and the learner at the beginning of the apprenticeship, which must then be agreed with Lantra.

Optional Outcomes

Unit H2RE 04 Identify Tree Species and Their Properties SCQF Level 6

Registration and certification

This Scottish Modern Apprenticeship is managed by Lantra. The SSC is the first point of contact in Scotland for any enquiries in relation to the Framework. Contact details:

The SSC will register all Scottish Modern Apprentices undertaking this Framework. **All Modern Apprentices must be registered with the SSC within 4 weeks of starting their apprenticeship.**

Registration can be made by completing and uploading the Modern Apprenticeship Training Agreement and Training Plan in Appendix 3 to the online registration system (MA Online, www.maonline.org.uk).

In the case of MAs which receive funding it is acceptable for the Skills Development Scotland Training Plan to be used on the condition that it includes all relevant information as set out in the MA Training Plan.

The SSC will issue a Modern Apprenticeship Certificate of Completion to those Modern Apprentices who have completed the mandatory outcomes of the Framework. Before a certificate is issued, training providers must submit evidence to the SSC that the mandatory outcomes have been achieved. This will normally be in the form of photocopies of certificates from awarding bodies.

Requests for registration and certification should be made to the SSC at the address above.

SSC Service level

The SSC also undertakes to issue Certificates of Completion within 4 weeks of receipt of the appropriate evidence that a candidate has completed the outcomes as stated in the Training Plan.

Recruitment and selection

The recruitment and selection of Modern Apprentices is primarily the responsibility of the employer. However, the following guidance is given:

- Employees may enter a Modern Apprenticeship from the age of 16. There is no upper age limit.
- The Modern Apprenticeship is designed to attract high quality people to the industry. Achievement of academic qualifications is one way of assessing the suitability of applicants. However, it should be stressed that no persons should be deterred from applying for a Modern Apprenticeship because of a lack of formal educational qualifications. As well as traditional qualifications such as Standard Grades and Highers, employers should also be aware of newer vocational qualifications or vocational activity undertaken outwith an academic institutions, such as volunteering activity.
- The following factors may also influence the selection process:
 - performance during a formal interview process
 - references
 - relevant work experience
 - trial observation period.
- Employers should be aware of the nature, relevance and quality of foreign qualifications and make appropriate allowances concerning entry requirements.
- In order to promote and maintain the high status of the Modern Apprenticeship within the industry all literature distributed for recruitment purposes should emphasise the high standards of achievement expected of the candidate.
- Employers may wish to contact the SSC for advice and guidance on recruitment and selection.

There are no specific entry requirements to enter the Game and Wildlife Management Modern Apprenticeship, however, there are some qualifications and/or experience that will help learners prior to starting:

- National Certificate in Gamekeeping
- Standard Grades
- Have previously worked in, or are working within the industry

An Apprentice should:

- Be able to attend off-the-job training
- Have an interest in and enjoy working with game species and outdoors
- Have worked in, or experience of working in the industry
- Have a positive attitude towards learning

Equal opportunities

Modern Apprenticeships should ensure that there is equality of opportunity for all and any barriers (real or perceived) are addressed to support anyone seeking to enter employment to undertake the Modern Apprenticeship.

All MAs supported by Skills Development Scotland must conform to any contractual requirements on equal opportunities. All employers of Modern Apprentices should have an Equal Opportunities policy statement.

Health and Safety

All aspects of health and safety at work must be recognised within the delivery of this Modern Apprenticeship Framework and all statutory requirements be adhered to. It is a key aspect of the induction period of the Modern Apprenticeship that apprentices are fully informed both of the regulations and that they and their employers are bound by these regulations. Modern Apprentices should be made aware of their rights and duties with regard to health and safety.

All Modern Apprentices supported by Skills Development Scotland will be required to satisfy the adequacy of SDS's Health and Safety policy and systems.

Contracts

The following three contracts are essential to the successful outcome of the Modern Apprenticeship programme:

1. Contract of employment signed by the employer and the Modern Apprentice.
2. SSC Training Agreement - this agreement outlines the basis of the modern apprenticeship, refers to the contract of employment and includes Health and Safety responsibilities. A sample SSC Training Agreement is set out in Appendix 3.
3. SSC Training Plan - this plan outlines the selected outcomes and the expected duration of the apprenticeship. In cases where funding is offered by SDS, the SDS Training Plan will be sufficient on condition that it contains all relevant information as set out in the Sample Training Plan at Appendix 3. Training Plans may be modified to reflect changing circumstances; however, it is essential that the SSC is notified of any changes.

Employment status of Modern Apprentices

It is important that the sector offers genuine employment and career prospects to those people it wishes to attract through Modern Apprenticeships. Accordingly, **all apprentices must be employed.**

All Modern Apprentices must have a demonstrable need to acquire **significant new knowledge and skills** to fulfil their job role. The modern apprenticeship framework selected for the employee must be the most appropriate learning programme generally available to that individual, providing such knowledge and skills.

Terms and conditions of employment

In order to compete with other sectors offering Modern Apprenticeships, attractive packages will need to be developed by employers in the sector. The terms and conditions of employment for individual Modern Apprentices will be agreed between the employer and the apprentice and should form the contract of employment.

Training and development

Delivery

Training delivery can take many forms under the Modern Apprenticeship system. Some organisations may become approved SVQ Assessment Centres; others may join a consortium or use peripatetic assessors. Some large employers will be able to complete all the training and development in-house, but most employers will find that some of the training and development will have to take place away from the normal workplace. In particular the underpinning knowledge requirements are often more suited to delivery by outside training providers which might include:

- private training organisations
- colleges / universities
- other employers

Such knowledge could be delivered through training courses or through open/distance learning packages.

The option of sharing training and assessment resources amongst a cluster of employers (or across the divisions of a larger employer) will be particularly appealing to those firms which do not have the resources to provide all of the training and development. Assessment can be provided by these bodies, but the assessors and the training centre must be approved by the awarding bodies for the SVQ and Core Skills where appropriate.

List of Training Providers

Current provision

The list below shows the Training Providers who have committed to delivering the revised Modern Apprenticeships:

The North Highland College
Borders College
SRUC

This is a working list. Please contact Lantra for up-to-date details.

Delivery of Training for the Modern Apprenticeship in Game and Wildlife Management

Work-based training

Delivery and assessment method

Work-based or on-the-job training is defined as skills, knowledge and competence gained within normal work duties.

On-the-job training should:

- Achieve clear and specific outcomes which contribute directly to the successful achievement of the MA framework and this may include accredited and non-accredited elements.
- Be planned, reviewed and evaluated jointly between the modern apprentice and a tutor, mentor or manager.
- Allow access as and when required by the modern apprentice either to a tutor, mentor or manager.
- Be delivered during contracted working hours.
- Be delivered through one or more of the following methods: individual and group teaching, e-learning, distance learning, coaching, mentoring, feedback and assessment, collaborative/network learning with peers, guided study.

Assessment is generally carried out in the apprentice's place of work but where this is not possible assessment can be carried out in a training environment, but the situation should reflect a real work environment as far as possible. Lantra provides a guidance document for those delivering and assessing the SVQ's Game and Wildlife Management SCQF Level 5 which provides clarification on delivery and assessment and sets out where simulation is allowed. Simulation must be agreed with the External Verifier first.

Regular reviews should take place with the apprentice as well as their employer/mentor/supervisor (whichever is appropriate) to discuss progress. Apprentices keep a record of activities carried out in the workplace using work logs and task sheets.

Skills required by training providers delivering the training

Appropriate qualifications from the following list should be held by those undertaking delivery and assessment depending on whether they are delivering or just assessing in the workplace:

L&D9D or L&D9DI
 A1 or A2 plus CPD (in line with the current L&D9 Standard)
 TQFE plus CPD (in line with the current L&D9 Standard)
 D32 and/or D33 plus CPD (in line with current L&D9 Standard)
 QCF Level 3 Award in Assessing
 Competence in the Work Environment
 QCF Level 3 Certificate in Assessing Vocational Achievement
 PTLLS/AET
 CTLLS/CET
 DTLLS/DET
 Cert Ed

Those involved in delivery and assessment of SVQs are advised to check with the SQA Accreditation guidance on assessor and verifier competence requirements which can be found at the following link:

https://accreditation.sqa.org.uk/accreditation/accreditationfiles/Assessor_and_Verifier_Competence_FINAL.pdf

Assessors and verifiers who currently hold D or A and V units are still considered to be qualified assessors and internal verifiers/external verifiers and are not required to undertake the new units. However, they must be working to the current NOS and undertaking appropriate continuous professional development. Any new assessors and verifiers, who do not currently hold any of these qualifications, should undertake the qualifications based on the current Learning and Development (L&D) NOS.

Assessors should also check the Lantra Assessment Strategy for guidance.

Appropriate occupational competence is also required for the specified qualifications and staff involved in delivery and assessment should:

- Maintain their industry knowledge through CPD activities.
- Participate in in-house or awarding body training and workshops / standardisation sessions.

Delivery of underpinning knowledge (if no formal off-the job requirement)

N/A

Off-the-job training**Details of off-the-job training**

Off-the-job training is defined as time for learning activities away from normal work duties. Off-the-job training needs to:

- Be planned, reviewed and evaluated jointly between the apprentice and a tutor, teacher, mentor or manager.
- Be delivered during contracted working hours.
- Be delivered through one or more of the following methods: individual and group teaching, e-learning, distance learning, coaching, mentoring, feedback and assessment, collaborative/networked learning with peers, guided study and induction.
- Lead to the achievement of the SVQ and any other specified awards.

This type of guided learning will be delivered away from the immediate pressures of the job. It may be delivered in the

workplace, in a college or training provider premises. Off-the-job training is defined as time for learning activities away from the normal work duties.

Off-the-job training must be recorded in a diary, workbook, portfolio or attendance records. This evidence needs to be checked and signed by the assessor and employer.

For completion of the SCQF Level 5 Modern Apprenticeship framework, this includes 234 hours of off-the-job training.

Delivery and assessment method

Delivery of the training may include:

- Attending day/block release
- Distance learning
- Using on line tutorials
- Completion of work based projects

Underpinning knowledge is delivered as an integral part of the SVQ and will be delivered by the training provider as part of off-the-job training as well as informally as part of on-the-job training with their employer. Modern apprentices may also be required to prepare for lessons by carrying out self-study.

Underpinning knowledge will be assessed through methods such as:

- Questioning during observation
- Structured oral and written questioning
- Set tasks and scenarios
- Task based work activity

Assessment is generally carried out in the candidate's place of work but where this is not possible assessment can be carried out in a training environment but the situation should reflect a real work environment as far as possible. Lantra provides a guidance document for those delivering and assessing the SVQ's in Game and Wildlife Management at SCQF Level 5 which provides clarification on delivery and assessment and sets out where simulation is allowed. Simulation must be agreed with the External Verifier first.

This type of guided learning will be delivered away from the immediate pressures of the job. It may be delivered in the workplace, in a college or training provider premises. Off-the-job training is defined as time for learning activities away from the normal work duties.

Off-the-job training must be recorded in a diary, workbook, portfolio or attendance records. This evidence needs to be checked and signed by the assessor and employer.

It will take Modern Apprentices 12 months to achieve the SVQ's in Game and Wildlife Management at SCQF Level 5, enhancements and relevant core skills.

Exemptions

N/A

The SSC training plan

The plan is required to identify:

- 1 The selected Framework outcomes, specifying whether or not separate certification of the Core Skills is being sought.
- 2 A summary of the Modern Apprentices accredited prior learning
- 3 A timetable for achievement of the selected Framework outcomes, linked to regular progress reviews.

The Training Plan should take into account any relevant previous training and development, education or work experience. Not all Modern Apprentices need have different plans, but many will vary. Moreover as reviews take place and circumstances change so the plan itself can be modified.

However any changes must:

- be subject to the quality provisions of Skills Development Scotland (if the MA is being financially supported)
- comply with the stipulations of this Framework
- meet the needs of the employer and apprentice.

A sample Training Plan is provided at Appendix 3 of this document, however, for those Modern Apprentices funded by SDS area office it is sufficient to submit the Skills Development Scotland Training Plan on condition that it covers the same information required in the MA Training Plan.

Consultation Process

During 2016

Lantra reviewed and updated the Gamekeeping and Wildlife Management NOS during 2016. The industry across the UK highlighted that the NOS were pitched too high and requested that some of the skills within the NOS were removed and included within NOS at the correct skills level. This also required renaming and renumbering the Gamekeeping and Wildlife Management NOS. The providers in Scotland also highlighted that a number of the SVQ units (NOS) were pitched at the wrong SCQF level and had been allocated incorrect credit values.

Review of SVQ's and MA – 2017

A meeting took place on the 6th June 2017 at Inveralmond Business Centre, Perth, to discuss the current Game and Wildlife Management SVQ structures, MA and potential changes. The qualifications and the MA framework at SCQF Level 5 was discussed and attendees were asked to feedback on-line using Survey Monkey, for both the SVQs and MA.

Training Providers offering the current Game and Wildlife Management SVQ's and MA, as well as employers and employees working within the sector were also asked to feedback on the proposed SVQ's and MA. The consultations ran from 28th July to the 24th August 2017 and the 2nd November until 26th November 2017.

The industry is unionised, Lantra contacted GMB and Unite to ask them to circulate to all their Scottish members for information/comment. We confirmed with GMB and Unite that they had informed their members in Scotland of the proposed SVQ's and MA.

List of Consultees

Scottish Gamekeepers Association
 Scottish School of Forestry
 North Highland College
 British Deer Society (Perth)
 Glen Tanar Estate
 Corroul Estate
 Scottish Natural Heritage
 Bowhill Estate
 Queensberry Estate
 SRUC
 Scottish Land and Estates
 West Highland Hunting
 Scottish Countryside Alliance
 Scottish Association for Country Sports
 Game & Wildlife Conservation Trust
 Scotland's Moorland Forum
 Borders College
 Dalhousie Estates
 Shooting Lodge Sporting
 South Ayrshire Stalking
 Strathspey Estate
 National Organisation for Beaters and Pickers Up
 National Gamekeepers Organisation
 British Deer Society
 Game and Wildlife Conservation Trust
 BASC
 Elmwood College

Blacklee Square Pheasant Drives
West Highland Hunting
Cowans Sporting
Angus Game Plus Game Farm
Juniper Pheasantry
Game Farmers Association

Feedback from the Consultation

Lantra received a number of responses from a variety of organisations listed above. The results of the consultation exercises indicated that:

- Confirmed required changes to the mandatory units and additions to the optional units, as well as confirming that with these changes all the relevant skills within the sector would be covered
- The list of enhancements for the SCQF Level 5 Modern Apprenticeship should be updated to reflect industry needs, but remain at one or more to allow for continued flexibility – new enhancements include Deer Stalking Certificate, Manual Handling, Working at Heights, Boat Handling, Game Bird Disease, Trailer Towing.
- It also confirmed that the industry were happy to include Unit H2RE 04 Identify Tree Species and Their Properties SCQF Level 6, as an optional outcome.
- 100% of respondents were in favour of a 12-month duration for the Modern Apprenticeship in Game and Wildlife Management at SCQF Level 5.

Career progression

Following completion of the Modern Apprenticeship, candidates should be able to achieve positions in areas such as:

Related jobs at SCQF Level 5	Brief description of responsibilities	Pathway
Under-Keeper Bbeat Keeper	Will work under the direction of a head keeper, but will generally have their own areas and dependent game populations to look after. They will also work as part of a team on all general game and wildlife management tasks and duties and take some responsibility to organise and run shooting operations.	Upland/Grouse, Lowland
Game Farm Worker	Will work under the direction of a game farm manager and carry out all practical tasks involved in the operation and management of paying stock, incubation and hatching, rearing and delivery of game birds reared for release into the wild.	Game Rearing
Under-Stalker/Ghillie	Under-stalkers work under the direction of a head stalker, but generally have their own responsibilities too. They will also work as part of a team on all general deer management tasks and duties and may take some responsibility to organise and operate commercial stalking operations.	Deer, Upland/Grouse, Lowland

Modern Apprenticeships provide people with a sound foundation for further learning and development of their careers. Career paths lead to higher levels of expertise and professionalism and can lead to careers in management within the environmental and land-based sector.

There are progression opportunities from the SCQF Level 5 Modern Apprenticeship to the HNC. Each route within the SCQF Level 5 Modern Apprenticeship offers a broad knowledge to allow progression into a more specialised HNC.

For those who wish to continue their development of skills and qualifications beyond the HNC, opportunities exist to progress to Higher Education onto a range of Degrees (BSc or BA depending upon the chosen course). Courses could include:

- BSc Environmental Conservation
- BSc Conservation Biology
- BSc Wildlife Management

For learners who wish to continue their development of skills and qualifications beyond Degree level, opportunities exist to progress further to courses such as a Postgraduate Diploma (PGDip) Master's Degree (MSc/MRes), which could include:

- MRes Ecology
- PGDip/MSc Conservation and Land Management

Some useful websites to visit regarding Higher Education are: www.ucas.co.uk or www.prospects.ac.uk. Both of these have information about courses and providers along with specific information on entry requirements.

Apprentices looking to progress within their employment from the Modern Apprenticeship may be able to work towards managerial positions such as game farm manager, head stalker or single-handed gamekeeper/head keeper. Progression will be dependent upon the qualifications and experience an individual possesses, as achievement alone of the SCQF Level 5 Modern Apprenticeship does not guarantee entry to these opportunities.

Appendices

APPENDIX 1

Stakeholder Responsibilities

Many organisations and individuals share the responsibility for ensuring that the Modern Apprenticeship programme is implemented to the highest possible standard. They include:

- Awarding Bodies
- Employers
- Modern Apprentices
- Modern Apprenticeship Group (MAG)
- Sector Skills Councils (SSCs)
- Skills Development Scotland
- Training Providers

Role of the Sector Skills Councils

SSCs are responsible for developing Modern Apprenticeship Frameworks and are required to work with employers in their sectors to ensure that all Frameworks meet the needs of employers in their sectors.

For details on your sector's SSC, follow the link to the Federation for Industry Sector Skills and Standards website <http://fisss.org/>.

Role of Skills Development Scotland (SDS)

MA frameworks are used by employers as part of their workforce development to train new employees and up-skill existing members of staff. They can be (and often are) used regardless of whether financial support is available from the delivery body who currently provides a 'contribution' towards the cost of delivery. However, only approved MA Frameworks will be eligible for funding support from Skills Development Scotland who should be contacted to establish the availability and level of support for each MA Framework.

Further information is available from: <http://www.skillsdevelopmentscotland.co.uk/our-services/modern-apprenticeships.aspx>

SDS provides advice and guidance to individuals on the range of Modern Apprenticeships and training providers available. Individuals are signposted to opportunity providers who offer training in the vocational areas of interest.

Responsibilities include:

- Supporting the Modern Apprentice with ongoing Career Planning advice
- Signposting candidates to suitable vacancies
- Promoting the Modern Apprenticeship route on the Skills Development Scotland website
- Facilitating recruitment events that bring together jobseekers and opportunity providers

Role of the Awarding Bodies

A significant proportion of the Modern Apprenticeship is based on the assessment of the apprentice against SVQs/ CBQs or SVQ/ CBQ units. These qualifications are accredited by the SQA Accreditation and the Office of the Qualifications and Examinations Regulator (Ofqual) and are offered by Awarding Bodies.

It is the responsibility of the Awarding Bodies to ensure that centres are approved, that assessors and verifiers are suitably qualified, trained and monitored, and that all of the assessment criteria of the SVQs/ CBQs and SVQ/CBQ units are fully met.

Role of the Training Provider

The role of the training provider is important to the success of the Modern Apprenticeship. A training provider can be a further education college, a private or voluntary training company or in some cases the employer themselves or employer partnerships.

Training Providers are responsible for:

- Confirming an appropriate MA programme for candidates
- Agreeing the training needs of the candidates
- Agreeing roles and responsibilities for on the job training
- Agreeing where off the job training will be required and defining roles and responsibilities for this with relevant parties
- Ensuring trainee/candidate has access to the best quality training opportunities available
- Ensuring that the Modern Apprentices and employers fully understand the principles and processes of competence-based assessment
- Registering of MA candidates with the relevant SSC (and Skills Development Scotland if appropriate).
- Compiling and agreeing assessment schedules/assessment plans
- Judging performance evidence
- Completing assessment records
- Reviewing candidates progress at regular intervals
- Submitting records and evidence for moderation
- Advising the Modern Apprentice who to approach for support, advice, encouragement and in case of complaint

Role of the Modern Apprenticeship Group (MAG)

MAG is an independent group drawn from key stakeholders involved in the management and delivery of the Apprenticeship programme in Scotland.

MAG is responsible for:

- Approval and re-approval of Modern Apprenticeship Frameworks
- De-approval of Modern Apprenticeship Frameworks
- Encouraging best practice across Modern Apprenticeship Frameworks and sectors

Role of the Employer

Employers' responsibilities include:

- Paying all Modern Apprentices in accordance with company policy and in line with current legislation
- Agreeing roles and responsibilities for on the job training
- Agreeing where off the job training will be required and define roles and responsibilities for this with relevant parties
- Highlighting opportunities for the Modern Apprentice to demonstrate competence
- Meeting with Trainers, Assessors, Verifiers and the Modern Apprentices to review progress
- Witnessing candidate performance and verifying evidence

- Releasing Modern Apprentices for college/off-the-job training in line with training plan
- Ensuring the experience, facilities and training necessary to achieve the outcomes of the training plan.
- Supporting and encouraging Modern Apprentices and rewarding achievement
- Taking responsibility for the Health & Safety of Modern Apprentices.

Role of the Modern Apprentice

Modern Apprentices have the same responsibilities to their employer as any other employee. In addition they have a range of commitments to their training programme.

Modern Apprentices' responsibilities include:

- Observing the company's terms and conditions of employment
- Agreeing a training/development plan with all parties involved
- Undertaking development in line with agreed training plan
- Attending meetings with trainers, assessors and verifiers as required
- Attending college/off-the-job training where required
- Providing evidence of competence
- Developing a collection of evidence (portfolio) and retain ownership of this throughout
- Behaving in a professional manner throughout

APPENDIX 2

Modern Apprenticeship Centres (MACs)

Modern Apprentices may only be registered through organisations approved by the SSC to deliver this Framework. Such approved organisations are called Modern Apprenticeship Centres (MACs)

The MAC may be the employer of the apprentice or a separate organisation such as a training provider, further education college, a private or voluntary training company or in some cases the employer themselves or employer partnerships.

In order to be approved, organisations must make a formal application to the SSC, seeking approval and establishing that the centre satisfies the following criteria:

Either

- 1 be approved by an appropriate Awarding Body as a centre for the assessment of the relevant SVQ/ CBQ (and Core Skills if these are being separately certificated)

or

- 2 be capable of demonstrating a contractual relationship with another approved centre for the assessment of those units for which the MAC does not have approval from an appropriate Awarding Body.

In addition

The SSC will maintain a database of MACs for the delivery of the Framework within Scotland, which will be available to employers and others.

Organisations wishing to become MACs who have yet to obtain the necessary Awarding Body approval for assessment should first contact the Awarding Body direct.

Organisations wishing to be accredited with SQMS (or other appropriate quality system) should contact Skills Development Scotland.

In addition to the assessment of the Modern Apprentice against the relevant standards set by the selected Framework outcomes, the MAC has responsibility for:

- Entering into a formal training agreement with the employer and Modern Apprentice
- Registering Modern Apprentices as candidates for the relevant SVQ/ CBQ (s) and other selected units with the appropriate Awarding Body
- Registering Modern Apprentices with the SSC
- Applying for the final 'Certificate of Completion' on behalf of Modern Apprentices
- Informing the SSC of any material alterations to Modern Apprentices' training plans or desired changes to the selected Framework outcomes.

APPENDIX 3

MODERN APPRENTICESHIP SAMPLE TRAINING AGREEMENT

This Training Agreement is entered into by:

Name of Employer:	
Name of Modern Apprentice:	
Name of Modern Apprenticeship Centre:	

The **Employer’s responsibilities** are to:

- 1 employ the modern apprentice subject to the employer’s usual terms and conditions of employment;
- 2 provide the modern apprentice with the facilities, training and work place opportunities necessary to achieve the selected Framework outcomes specified in the apprentice’s personal training plan;
- 3 pay the modern apprentice an agreed salary which reflects the obligations of the employer and the opportunities for the apprentice;
- 4 in the event of the employer becoming unable to retain the modern apprentice after completion of the apprenticeship, to use reasonable endeavours to secure employment elsewhere;
- 5 in the event of the apprenticeship being terminated prematurely by either the employer or modern apprentice for any reason other than dismissal for unsatisfactory performance or misconduct, to use reasonable endeavours to secure employment and continuation of this apprenticeship elsewhere;
- 6 operate a formal Health and Safety policy and undertake the necessary legal and contractual responsibilities for health and safety of the modern apprentice; and
- 7 operate an Equal Opportunities policy which meets all legal requirements.

The **Modern Apprentice’s responsibilities** are to:

- 1 work for the employer in accordance with the agreed terms and conditions of employment;
- 2 undertake training, attend courses if required, keep records, and take assessments to be determined by the employer and/or Modern Apprenticeship Centre, and carry out such work as may be required in order to achieve the selected Framework outcomes specified in the apprentice’s personal training plan;
- 3 be diligent, punctual, behave in a responsible manner and in accordance with the requirements of Health and Safety legislation relating to the apprentice’s responsibilities as an individual; and
- 4 promote at all times the employer’s best interests.

The **Modern Apprenticeship Centre’s responsibilities** are to:

- 1 agree the content of the modern apprentice’s personal training plan as confirming that the selected Framework outcomes and training plans meet the criteria of this modern apprenticeship
- 2 contract with the employer to provide the training and assessment necessary to enable the modern apprentice to achieve the selected Framework outcomes specified in the apprentice’s personal training plan; and
- 3 use its best endeavours to ensure that the employer provides the modern apprentice with the facilities, training and work place opportunities necessary to achieve the selected Framework outcomes specified in the apprentice’s personal training plan.

This agreement to be signed by all parties:
