Amendments to this framework

Version	Date of Change	Amendment	Comments
1.0	1 st November 2017	Framework first published under UKFT.	Following SSB transferal.
1.1	26 th May 2021	New SVQ developed with title and code updated.	New title and code issued by SQA due to old qualification entering its lapsing period (31 st July 2021).
	26 th May 2021	New pathway added for Sewn Products.	To match the offer of the new SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (GR9V 22).
	26 th May 2021	General update of framework refreshed.	

This framework document is a controlled document. The latest version can be found on the Skills Development Scotland website here:

Apprenticeships in Scotland

This framework document is for the use of developers or SSCs reviewing existing or developing new apprenticeships via the Standards and Frameworks contracted methodology to submit to the Apprenticeship Approvals Group (AAG). Foundation and Graduate currently have their own bespoke templates.

For those apprenticeship developments via the new facilitated approach methodology (Technical Expert Group TEG) these should be submitted to AAG on their bespoke framework and standards documentation.

What are Apprenticeships?

There are six models of Apprenticeship in Scotland offering qualifications obtained at school with the Foundation Apprenticeship programme, and for those in paid employment, through the modern, technical, professional, higher and graduate apprenticeships. These are:

- a) Foundation Apprenticeships at SCQF level 6
- b) Modern Apprenticeships at SCQF levels 5 6 and 7
- c) Technical Apprenticeships at SCQF levels 8 & 9
- d) Professional Apprenticeships at SCQF levels 10 - 12
- e) Higher Apprenticeships at SCQF level 8
- f) Graduate Apprenticeships at SCQF levels 9 – 11

Modern to Graduate Apprenticeships offer those aged 16 or over paid employment combined with the opportunity to train for jobs at craft, technician and management level. Foundation Apprenticeships are delivered in senior phase of school and are not employed.

Who develops them?

Apprenticeships are normally developed by Sector Skills Councils or a Standards Setting Organisations consult with employers and key partners in their sector to produce a training programme, which meets the needs of employers.

Who are they for?

Modern to Graduate Apprenticeships are available to employees aged 16 or over. Employees need to demonstrate to their employer that they have the potential to complete the programme. All Apprentices in Scotland must have a demonstrable need to acquire significant new knowledge and skills to fulfil their job role. The apprenticeship framework selected for the employee must be the most appropriate learning programme generally available to that individual, providing such knowledge and skills. While foundation apprenticeships are delivered within the senior phase of schools.

What's in a Scottish Apprenticeship?

In Scotland, there are more than 80 different Scottish Apprenticeships and they are all designed to deliver a training package around a minimum standard of competence defined by employers through SSCs. They all contain the same 3 basic criteria:

- A relevant SVQ (or alternative competency based qualifications)
- Core Skills or Career Skills
- Industry specific training

Details of the content of this specific Apprenticeship are given in the next section.

Modern Apprenticeship in Fashion and Textiles Heritage at SCQF Level 5

Sector Overview

The Scottish textile industry has been at the forefront of high value manufacturing and global exporting since the 1700s and the industry today is flexible, innovative and market driven.

World-leading brands across fashion, interiors and technical textiles all view Scotland as a supplier of choice with Scottish quality and authenticity at the core of the industry proposition.

The sector in Scotland is one which produces a diverse range of goods. These range from businesses that use traditional production methods and very much trade on the heritage of their products, to innovative and market leading technical textile producers whose products are primarily created for performance and used in a wide-range of applications, through to firms who are able to utilise technology to enable greater efficiency and creativity in their product ranges.

The majority of jobs lie within textile, leather and clothing sub-sectors that includes the manufacture of high quality fabric the Scottish textiles sector is historically renowned for and clothing manufacture. There are also significant supporting sub sectors that are linked to fashion and textiles activities in Scotland, they include:

- textile care services (laundry, wet and dry cleaning);
- wholesale, and;
- retail.

Fashion and textiles is part of Scotland's wider Creative Industries, latest sector figures released by Scottish Government for the textiles sector in Scotland in April 2019 revealed the industry employs around **9,000** people in **550** workplaces*, the vast majority of which are micro and self-employed firms.

** Scottish Government textile industry statistics do not include the supporting sub sectors as listed above.*

Given this diverse business landscape, the fashion and textiles sector in Scotland relies on a broad range of occupations with varying skillsets to support economic growth. These range from the various historic and heritage operational, technical and artisan craft roles that support the Scottish industry such as:

- Leather craftsperson;
- Weaver;
- Knitter;
- Material Cutter;
- Sewing Machinist;
- Kilt Maker;
- Bespoke Cutter or Tailor.

Further supported by:

- Technologists;
- Designers;
- Production and Supply Chain Managers, and;
- Heritage Textile Care Operatives.

The importance of a vibrant fashion and textiles industry in Scotland can be seen further in the fashion and textiles statistics collated by UKFT in late 2017 which revealed that Scotland had:

- 7% of the UK manufacturing enterprises;
- 4% of the UK Wholesale enterprises, and;

- 4% of the UK retail enterprises.

Source: Inter-Departmental Business Register via NOMIS

The 2017 data also revealed the Scottish fashion and textile sector employed:

- 12.5% of the UK manufacturing workforce;
- 6.1% of the UK Wholesale workforce, and;
- 8.6% of the UK retail enterprises.

Source: Business Register and Employment Survey 2016

Although latest figures are positive the Scottish fashion and textiles industry continues to undergo a process of radical change driven by globalisation of production, rapidly changing consumer tastes and increased focus on **high value** products.

Many Scottish fashion and textiles companies **make in Scotland** and are manufacturing high quality bespoke goods for niche markets/customers and urgently need skilled staff that are able to produce bespoke high-end goods, meeting quality standards and customer demand.

Brexit discussions and ageing workforce demographics are also concerning Scottish employers and the need to train new talent is of a high priority to keep the historic skills base alive to ensure Scotland remains competitive against overseas competition.

This framework covers the job requirements for two Scottish renowned sub-sectors, the historic, hand crafted artisan skills of Kilt Making and Bespoke Cutting and Tailoring, with an emphasis on skills that support the production of **heritage goods**.

Contribution to the Scottish Economy

Latest sector figures released by Scottish Government for the textiles sector in Scotland (April 2019) revealed the industry contributed over **£322m** in GVA to the Scottish economy.

The industry in Scotland exported **£325m** of goods worldwide in 2017 - this figure includes products exported by Scottish companies large enough to be VAT registered. A number of companies that work in the fashion and textiles sector are micro businesses and sole traders, not sizable enough to be registered for VAT and therefore their sales are not included in this figure.

Fashion and textiles is one of Scotland's important exporting manufacturing sectors. Scottish companies operate in over **150** markets worldwide. EU countries aside major exports for the industry in Scotland include:

- USA;
- Canada;
- East Asia;
- Russia, and;
- Emerging wider markets such as India, UAE and Saudi Arabia.

Demand for Modern Apprenticeships frameworks in the sector

The need for the Modern Apprenticeship, and its importance in the wider Scottish economy, is underpinned by direct consultation with employers through the membership of UKFT and Textiles Scotland (**Please note**- UKFT took over the running of Textiles Scotland in 2019 and are creating a **Scottish Skills Group** specifically to review and address the skills needs of the industry).

Further liaison with wider interested Scottish stakeholders such as Skills Development Scotland, Scottish Enterprise and Highlands & Islands Enterprise is ongoing and data from secondary sources is reviewed for example, data from the National Office of Statistics.

The Textiles Scotland membership survey (2018) is the latest comprehensive survey of its kind in the fashion, textiles and leather sector in Scotland. It is anticipated that this survey will be completed on a biannual basis.

With 84% of Textiles Scotland membership contributing (92 companies), the survey produced statistically valid quantitative data on the current state of play the industry experiences in manufacturing outputs but also the skills need of the sector.

Key Findings from the Textiles Scotland membership survey 2018

General

- **52%** manufacture apparel/fashion products;
- **55%** of companies surveyed implement sustainable manufacturing methods;
- **76%** fully manufacture in Scotland (a further **12%** partially manufacture in Scotland);
- Where manufacturing is outsourced the main reason is Skills (**34%**);
- The fashion & textiles industry remains buoyant with **78%** of companies ***estimating growth in the next 3 years.***

Skills

- **26%** of members cited that specialist hand skills are a current skills gap;
- **52%** planning to address current skills gaps via new recruitment;
- **32%** of companies stated that Modern Apprenticeships is a vehicle to address skills gaps;
- **34%** of Scottish companies that outsource manufacturing state Skills as a main driver.

Skills gaps

- **30%** of companies need trained operatives (SCQF Level 5);
- **26%** of companies need specialist hand skills ((SQCF Level 6/7);
- **22%** of companies need trained technicians (SQCF Level 6/7).

Reasons for skills gaps

- Business growth (**36%**);
- Lack of suitable applicants (**26%**);
- Ageing workforce (**22%**);
- Innovation, new business (**22%**);
- Succession planning (**18%**).

Figures provided in the 2018 industry survey are truly representative of the sector as the information was provided by a diverse group of companies. **84%** of companies responded to the survey making it highly statistically valid.

Summary of Framework

The Modern Apprenticeship in Fashion and Textiles Heritage at SCQF level 5 has four sub sector pathways.

Leather Production and Manufacturing	Textiles/Technical Textiles	Sewn Products	Textile Care Services
---	------------------------------------	----------------------	------------------------------

Duration

The estimated minimum time to gain competence is **12 months**.

Mandatory outcomes

SVQ or alternative competency based qualification - *The following must be achieved:*

Leather Production and Manufacturing pathway

- SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (**GR9V 22**)
 - Leather Pathway

Textiles/Technical Textiles pathway

- SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (**GR9V 22**)
 - Textiles Pathway

Sewn Products pathway

- SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (**GR9V 22**)
 - Sewn Products Pathway

Textile Care Services pathway

- SVQ in Textile Care Services at SCQF Level 5 (**GM1R 22**)

Core Skills

- | | |
|--|---------------|
| • Communication | SCQF level 5. |
| • Working with Others | SCQF level 5. |
| • Problem Solving | SCQF level 5. |
| • Information and Communication Technology | SCQF level 5. |
| • Numeracy | SCQF level 5. |

Enhancements

None.

Optional Outcomes

Additional SVQ Units/Qualifications/Training

None.

The Framework**Duration**

It is expected that apprentices following this framework will take a minimum of **12 months** to complete. This includes time for off-the-job training (20%).

Mandatory Outcomes**SVQ(s)**

Each apprentice is required to achieve the following qualification for the **chosen pathway**:

Leather Production and Manufacturing pathway

- SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (**GR9V 22**).
 - Leather Pathway

Textiles/Technical Textiles pathway

- SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (**GR9V 22**).
 - Textiles Pathway

Sewn Products pathway

- SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (**GR9V 22**).
 - Sewn Products Pathway

Textile Care Services pathway

- SVQ in Textile Care Services at SCQF Level 5 (**GM1R 22**).

All Scottish Apprenticeships must contain a relevant Scottish Vocational Qualifications (SVQs) or Competency Based Qualifications (CBQs). SVQs and CBQs are work-based qualifications based on National Occupational Standards of competence drawn up by representatives from each industry sector. They are made up of units – normally between six and ten – which break a job down into separate functions reflecting the different kind of activities of a job. SVQs and CBQs are available at a range of levels – although most are at SCQF levels 5, 6 and 7. When someone has achieved an SVQ or CBQ, there is a guarantee that they have the skills and knowledge needed to do their job.

Work Place Core Skills

Each apprentice is required to achieve the following Work Place Core Skills:

Communication	SCQF level 5, 6 SCQF credit points. (F427 04) *
Working with Others	SCQF level 5, 6 SCQF credit points. (F42P 04) *
Problem Solving	SCQF level 5, 6 SCQF credit points. (F42K 04) *
Information and Communication Technology	SCQF level 5, 6 SCQF credit points. (F42F 04) *
Numeracy	SCQF level 5, 6 SCQF credit points. (F42B 04) *

*The codes above are SQA codes, but core skills from other awarding bodies may also be used.

Candidates may already have achieved their Core Skills prior to commencing the MA and would not have to repeat these.

SVQ assessors should ensure that candidates generate the evidence for the Core Skills requirements as part of the integration of core skills into the SVQ. We would expect awarding bodies to provide guidance for assessors.

Leather Production and Manufacturing pathway

Core Skills at SCQF Level 5-

- Communication, Working with Others and Problem Solving embedded within the mandatory units of the SVQ.
- **ICT and Numeracy to be separately certificated.**

Textiles/Technical Textiles pathway

Core Skills at SCQF Level 5-

- Communication, Working with Others and Problem Solving embedded within the mandatory units of the SVQ.
- **ICT and Numeracy to be separately certificated.**

Sewn Products pathway

Core Skills at SCQF Level 5-

- Communication, Working with Others and Problem Solving embedded within the mandatory units of the SVQ.
- **ICT and Numeracy to be separately certificated.**

Textile Care Services pathway

Core Skills at SCQF Level 5-

- All Core Skills are **embedded** within the mandatory unit of the SVQ.

Core Skills are skills and abilities which everyone needs in their work. This is true for every job in every workplace. Core Skills also feature in National Qualifications such as National 5s and Highers and from 2000, Scottish candidates have been issued with a Core Skills profile on their Scottish Qualifications Certificate. Candidates who have already been certificated as achieving Core Skills at the levels given above – either in the workplace or at school or college - do not need to repeat these Work Place Core Skills as part of the Apprenticeship Framework.

Enhancements

None.

Optional Outcomes

None.

Registration and Certification

This Scottish Modern Apprenticeship is managed by UKFT and is the first point of contact in Scotland for any enquiries in relation to the Framework. Contact details:

**UKFT,
3, Queen Square,
Bloomsbury,
London,
WC1N 3AR**

Tel: 020 7843 9460

UKFT will register all Scottish Modern Apprentices undertaking this Framework. **All Modern Apprentices must be registered with the SSB within 4 weeks of starting their apprenticeship.**

Training Providers need to be registered as a Modern Apprenticeship Centre (MAC) on MA Online www.modernapprenticeships.org

In the case of MAs which receive funding it is acceptable for the Skills Development Scotland Training Plan to be used on the condition that it includes all relevant information as set out in the Training Plan.

UKFT will issue a Certificate of Completion to those Modern and technical Apprentices who have completed the mandatory outcomes of the Framework. Before a certificate is issued, training providers must submit evidence to the SSC that the mandatory outcomes have been achieved. This will normally be in the form of photocopies of certificates from awarding bodies.

Requests for registration and certification should be made to UKFT at the address above.

SSC Service level

UKFT undertakes to confirm the registration of candidates in writing within 4 weeks of receipt of the relevant Training Plan and Training Agreement. Each candidate will be issued with a unique registration number.

UKFT also undertakes to issue Certificates of Completion within 4 weeks of receipt of the appropriate evidence that a candidate has completed the outcomes as stated in the Training Plan.

Recruitment and selection

The recruitment and selection of Apprentices is primarily the responsibility of the employer. However, the following guidance is given:

- Employees may enter an apprenticeship from the age of 16. There is no upper age limit.
- The Apprenticeship is designed to attract high quality people to the industry. Achievement of academic qualifications is one way of assessing the suitability of applicants. However, it should be stressed that no persons should be deterred from applying for a Scottish apprenticeship because of a lack of formal educational qualifications. As well as traditional qualifications such as Standard Grades and Highers, employers should also be aware of newer vocational qualifications or vocational activity undertaken out with an academic institution, such as volunteering activity.
- The following factors may also influence the selection process:
 - performance during a formal interview process
 - references
 - relevant work experience
 - trial observation period.
- Employers should be aware of the nature, relevance and quality of foreign qualifications and make appropriate allowances concerning entry requirements.
- In order to promote and maintain the high status of the Apprenticeship within the industry all literature distributed for recruitment purposes should emphasise the high standards of achievement expected of the candidate.
- Employers may wish to contact the SSC for advice and guidance on recruitment and selection.

The fundamental entry condition is the employer's and training provider's confidence in the candidate's ability to thrive and achieve their potential within the Modern Apprenticeship in Fashion and Textiles Heritage framework.

Employers have the responsibility to be involved in the recruitment and selection stages, to ensure they get to know the apprentices before their employment.

Candidates without prior qualifications may be able to demonstrate the prior skills and knowledge they have developed as a result of relevant employment or voluntary activities. However, there is no specific qualifying period set as an entry condition.

New entrants in the fashion and textiles sector must have an understanding and appreciation of different technologies, alongside general knowledge and 'soft' skills, including the capacity to work efficiently and in teams.

Employers are looking for work-ready individuals who are hardworking, have the right attitude, strong communication skills and a good understanding of what it takes to work their way up in their chosen pathway.

Career success in the fashion and textiles sector requires a strong passion for the subject area. Candidates wishing to take up this framework will have demonstrated to the employer:

- evidence of prior experience relevant to their proposed field of study; **OR**
- the ability to study at SCQF Level 5; **OR**
- agreed support from an employer or mentor with a demonstration of the candidates' commitment to learn (by evidencing progression to date or providing an agreed training plan).

These types of evidence are highly valued by employers who will want to gain an understanding of the apprentice's

talent and aptitude.

It is recommended that initial assessments are used effectively to attract and retain apprentices who are committed to working in the fashion and textiles sector but who may not hold formal qualifications.

Non-accredited prior learning related to the fashion and textile industry may provide useful progression routes into the framework as it will demonstrate an interest in the area e.g. voluntary or unpaid employment in a fashion and textiles role, and relevant training in areas such as designing, costing or creating a fashion and textiles related product.

Equal opportunities

Apprenticeships should ensure that there is equality of opportunity for all and any barriers (real or perceived) are addressed to support anyone seeking to enter employment to undertake the Modern Apprenticeship.

All apprenticeships supported by Skills Development Scotland must conform to any contractual requirements on equal opportunities. All employers of Apprentices should have an Equal Opportunities policy statement.

Health and Safety

All aspects of health and safety at work must be recognised within the delivery of this Apprenticeship Framework and all statutory requirements be adhered to. It is a key aspect of the induction period of the Apprenticeship that apprentices are fully informed both of the regulations and that they and their employers are bound by these regulations. Apprentices should be made aware of their rights and duties with regard to health and safety.

All Apprentices supported by Skills Development Scotland will be required to satisfy the adequacy of SDS's Health and Safety policy and systems.

Contracts

The following three contracts are essential to the successful outcome of the Apprenticeship programme:

1. Contract of employment signed by the employer and the Apprentice for employed apprentices.
2. SSC Training Agreement - this agreement outlines the basis of the modern apprenticeship, refers to the contract of employment and includes Health and Safety responsibilities. A sample SSC Training Agreement is set out in Appendix 3.
3. SSC Training Plan - this plan outlines the selected outcomes and the expected duration of the apprenticeship. In cases where funding is offered by SDS, the SDS Training Plan will be sufficient on condition that it contains all relevant information as set out in the Sample Training Plan at Appendix 3. Training Plans may be modified to reflect changing circumstances; however, it is essential that the SSC is notified of any changes.

Employment status of Apprentices

It is important that the sector offers genuine employment and career prospects to those people it wishes to attract through Scottish Apprenticeships. Accordingly, **all apprentices must be employed with the exception of Foundation Apprenticeships which are delivered as part of the senior phase in schools.**

All Scottish Apprenticeships must have a demonstrable need to acquire **significant new knowledge and skills** to fulfil their job role. The apprenticeship framework selected for the apprentice must be the most appropriate learning programme generally available to that individual, providing such knowledge and skills.

Terms and conditions of employment

In order to compete with other sectors offering employed apprenticeships, attractive packages will need to be developed by employers in the sector. The terms and conditions of employment for individual Apprentices will be agreed between the employer and the apprentice and should form the contract of employment.

Training and development

Delivery

Training delivery can take many forms under the Apprenticeship system. Some organisations may become approved SVQ Assessment Centres; others may join a consortium or use peripatetic assessors. Some large employers will be able to complete all the training and development in-house, but most employers will find that some of the training and development will have to take place away from the normal workplace. In particular, the underpinning knowledge requirements are often more suited to delivery by outside training providers which might include:

- private training organisations
- colleges / universities
- other employers

Such knowledge could be delivered through training courses or through open/distance learning packages.

The option of sharing training and assessment resources amongst a cluster of employers (or across the divisions of a larger employer) will be particularly appealing to those firms which do not have the resources to provide all of the training and development. Assessment can be provided by these bodies, but the assessors and the training centre must be approved by the awarding bodies for the SVQ and Work Place Core Skills where appropriate.

List of Training Providers

The list below shows the providers who are currently delivering the Modern Apprenticeship and currently registered with SQA Awarding Body to deliver the sub sector SVQs within this framework.

Leather Production and Manufacturing: West College Scotland.

Textiles/Technical Textiles: Glasgow Clyde College, Johnstons of Elgin.

Sewn Products: Glasgow Clyde College*, Johnstons of Elgin*.

Textile Care Services: Tarheel Training Centre (Covering all of Scotland), ACS Clothing.

*Both centres have been given automatic approval by SQA Awarding Body for the Sewn Products pathway of the SVQ in Leather, Sewn Products or Textiles Manufacturing at SCQF Level 5 (**GR9V 22**).

UKFT will promote all Modern Apprenticeship in Fashion and Textiles 'Heritage' frameworks through the membership of both Textiles Scotland/UKFT and with the members of the UKFT Scottish Skills Group to further build capacity and capability.

Please check with UKFT and SQA Awarding Body for an up to date list of training providers.

Delivery of Training for the Modern Apprenticeship in Fashion and Textiles Heritage at SCQF5

Fashion and Textiles Assessment Strategy

The Assessment Strategy for use with competency based qualifications within the Fashion and Textiles sector was reviewed in late 2018. The new **Assessment Strategy for Fashion and Textiles (Version 6)** developed by UKFT was approved by ACG on the 17th February 2021.

Work-based training

Delivery and assessment method

Training in the workplace is delivered by mentors, managers and - depending on the units taken - specific subject experts.

Assessment will be by qualified SVQ assessors (or Assessor Candidates working towards their L&D9di award, where their work will be countersigned by qualified SVQ assessors) either in-house or through an external learning provider.

Regular reviews should take place with the apprentice as well as their employer/ mentor / supervisor (whichever is appropriate) to discuss progress.

Skills required by training providers delivering the training

Training providers for the award element will all be approved to offer the SVQ by the Awarding Body and will therefore have appropriately trained assessors. Those providing in-house training will be subject specialists in the service who are occupationally competent in the area they are training.

Delivery of underpinning knowledge (if no formal off-the job requirement)

Assessment of the SVQ includes assessment of required underpinning knowledge. This knowledge is not separately certificated but is integrated into the formative and summative assessment of the SVQ units taken by the individual.

Candidates will achieve the SVQ which contains underpinning knowledge and will be developed and assessed through methods such as:

- On-going training with their assessor and/or employer.
- Question and answer sessions.
- Written and oral tasks involving research.
- Study and in house development.
- Task based work activity.
- On line learning.
- Off line tutorials.

Off-the-job training

Details of off-the-job training

Individuals will be required to complete the mandatory training delivered by their employer in addition to knowledge components delivered by the learning provider (either in-house or external). It is anticipated that approximately 20% of the learning undertaken by the Apprentice will be off-the-job.

Delivery and assessment method

The knowledge and skills developed in this way will be integrated into the assessment of the SVQ. The time taken to complete will vary and be dependent on the award chosen.

Where the Apprentice does not already hold appropriate certification of the required level of Core Skills, the learning provider should ensure that these Core Skills are assessed and certificated separately.

Delivery will also be something agreed between the apprentice, employer and provider to suit the needs of the business but may include:

- Completion of work based projects;
- Distance learning;
- Using on line tutorials.

Exemptions

Apprentices who can meet the requirements of individual units as a result of prior learning may be exempt from the off the-job learning required for those units. Exemptions will be allowed on a case-by-case basis.

The SSC training plan

The plan is required to identify:

- 1 The selected Framework outcomes, specifying whether or not separate certification of the Core Skills is being sought.
- 2 A summary of the Apprentices accredited prior learning
- 3 A timetable for achievement of the selected Framework outcomes, linked to regular progress reviews.

The Training Plan should take into account any relevant previous training and development, education or work experience. Not all Apprentices need have different plans, but many will vary. Moreover, as reviews take place and circumstances change so the plan itself can be modified.

However, any changes must:

- be subject to the quality provisions of Skills Development Scotland (if the apprenticeship is being financially supported)
- comply with the stipulations of this Framework
- meet the needs of the employer and apprentice.

A sample Training Plan is provided at Appendix 3 of this document, however, for those Apprentices funded by SDS area office it is sufficient to submit the Skills Development Scotland Training Plan on condition that it covers the same information required in the apprenticeship Training Plan.

Consultation Process

The Fashion and Textiles 'Heritage' Modern Apprenticeship framework at SCQF Level 5 was originally developed and issued in 2011. UKFT took over responsibility as the Sector Skills Body (SSB) for the fashion and textiles industry in November 2017 and all fashion and textiles Modern Apprenticeship frameworks were reviewed and updated.

This framework continues to address the skills shortages that the diverse sector experiences in Scotland. The framework was developed with various key stakeholders but at the heart of the development were employers.

On-going consultation with the Fashion and Textiles sector in Scotland is of the utmost importance to ensure that all aspects of this framework are up to date.

Examples of industry consultation since the issuing of the framework are –

- Review of the Footwear, Leather Production and Leathersgoods National Occupational Standards suite during 2019/20 (Issued March 2020).
- Review of both Manufacturing Textile Products/Manufacturing Sewn Products National Occupational Standards suites during 2019/20. (Issued March 2020 as a merged suite titled **Manufacturing Textile and Sewn Products**).
- Review of the SVQ in Manufacturing Textile Products and SVQ in Leather Production at SCQF5 during 2020/21.
- Development of a Sewn Products structure/pathway during 2020/21.
- New SVQ for Leather, Textiles or Sewn Products developed following the SVQ reviews merging all sub sector pathways, approved early 2021 and coded by SQA AB. in May 2021.
- Review and input into the Assessment Strategy for Fashion and Textiles, including Sewn Products (Updated 2021).
- SVQ in Textile Care Services at SCQF Level 5 (**GM1R 22**) elapse date extended to **31/12/2023** by SQA AB. as requested by UKFT.

Career progression

Following completion of the Modern Apprenticeship in Fashion and Textiles Heritage at SCQF Level 5, candidates should be able to achieve positions in areas such as:

Textiles/Technical Textiles pathway

- Textile Operative.
- Quality Control Inspector.
- Linker.
- Knitter.
- Product Tester.

Leather Production and Manufacturing pathway

- Leather Technician.
- Leather Technologist.

Sewn Products pathway

- Sewing Machinist.
- Material Cutter.
- Repairer.
- Tape Sealer.
- Presser.

Textile Care Services

- Laundry Worker.
- Dry Cleaning Worker.
- Wet Cleaning Worker.

Further Work Based Learning progression**Textiles/Technical Textiles**

- **Modern Apprenticeship in Fashion and Textiles Heritage at SCQF 7**
- Textiles/Technical Textiles pathway.

Leather Production and Manufacturing

- **Modern Apprenticeship in Fashion and Textiles Heritage at SCQF 7**
- Leather Manufacture pathway.

Sewn Products

- **Modern Apprenticeship in Fashion and Textiles Heritage at SCQF 6**, pathways include:
- Bespoke Cutting and Tailoring.
- Kilt Making.

Textile Care Services

- <http://www.gcl.org.uk/> (Guild of Cleaners and Launderers Intermediate Laundry/Dry Cleaning Technology Certificate)

For further information about the framework highlighted above please visit the Skills Development Scotland website <https://www.skillsdevelopmentscotland.co.uk/what-we-do/our-products/modern-apprenticeships/modern-apprenticeship-frameworks/>

My World of Work, is also a useful website for careers advice www.myworldofwork.co.uk.

For further information on the Fashion & Textiles sector in Scotland please visit <https://www.textilescotland.com/> and for wider Fashion & Textiles employment and training information please visit - <http://ukft.org/> or e-mail apprenticeships@ukft.org

Appendices

APPENDIX 1

Stakeholder Responsibilities

Many organisations and individuals share the responsibility for ensuring that the Scottish Apprenticeship programme is implemented to the highest possible standard. They include:

- Awarding Bodies
- Employers
- Apprentices
- Apprenticeship Approval Group (AAG)
- Approved SSC/SSO
- Skills Development Scotland
- Training Providers

Role of the SSCs

SSC/SSO are responsible for developing Scottish Apprenticeship Frameworks and are required to work with employers in their sectors to ensure that all Frameworks meet the needs of employers in their sectors.

For details on your sector's SSC, follow the link to the Federation for Industry Sector Skills and Standards website <http://fiss.org/> or contact SDS for advice .

Role of Skills Development Scotland (SDS)

Apprenticeship frameworks are used by employers as part of their workforce development to train new employees and up-skill existing members of staff. They can be (and often are) used regardless of whether financial support is available from the delivery body who currently provides a 'contribution' towards the cost of delivery. However, only approved Apprenticeship Frameworks will be eligible for funding support from Skills Development Scotland who should be contacted to establish the availability and level of support for each Framework.

Further information is available from: <http://www.skillsdevelopmentscotland.co.uk/our-services/modern-apprenticeships.aspx>

SDS provides advice and guidance to individuals on the range of Scottish Apprenticeships and training providers available. Individuals are signposted to opportunity providers who offer training in the vocational areas of interest.

Responsibilities include:

- Supporting the Apprentice with ongoing Career Planning advice
- Signposting candidates to suitable vacancies
- Promoting the Scottish Apprenticeship route on the Skills Development Scotland website
- Facilitating recruitment events that bring together jobseekers and opportunity providers

Role of the Awarding Bodies

A significant proportion of Scottish Apprenticeships is based on the assessment of the apprentice against SVQs/ CBQs or SVQ/ CBQ units. These qualifications are accredited by SQA Accreditation and are offered by Awarding Bodies.

It is the responsibility of the Awarding Bodies to ensure that centres are approved, that assessors and verifiers are suitably qualified, trained and monitored, and that all of the assessment criteria of the SVQs/ CBQs and SVQ/CBQ units are fully met.

Role of the Training Provider

The role of the training provider is important to the success of the Scottish Apprenticeship Programme. A training provider can be a further education college, a private or voluntary training company or in some cases the employer themselves or employer partnerships.

Training Providers are responsible for:

- Confirming an appropriate programme for candidates
- Agreeing the training needs of the candidates
- Agreeing roles and responsibilities for on the job training
- Agreeing where off the job training will be required and defining roles and responsibilities for this with relevant parties
- Ensuring trainee/candidate has access to the best quality training opportunities available
- Ensuring that the Apprentices and employers fully understand the principles and processes of competence-based assessment
- Registering of candidates with the relevant SSC (and Skills Development Scotland if appropriate).
- Compiling and agreeing assessment schedules/assessment plans
- Judging performance evidence
- Completing assessment records
- Reviewing candidates progress at regular intervals
- Submitting records and evidence for moderation
- Advising the Apprentice who to approach for support, advice, encouragement and in case of complaint

Role of the Apprenticeship Approval Group (AAG)

AAG is an independent group drawn from key stakeholders involved in the management and delivery of the Apprenticeship programme in Scotland.

AAG is responsible for:

- Approval and re-approval of Scottish Apprenticeship Frameworks
- De-approval of Scottish Apprenticeship Frameworks
- Encouraging best practice across Apprenticeship Frameworks and sectors

Role of the Employer

Employers' responsibilities include:

- Paying employed Apprentices in accordance with company policy and in line with current legislation
- Agreeing roles and responsibilities for on the job training
- Agreeing where off the job training will be required and define roles and responsibilities for this with relevant parties
- Highlighting opportunities for the Apprentice to demonstrate competence
- Meeting with Trainers, Assessors, Verifiers and the Apprentices to review progress
- Witnessing candidate performance and verifying evidence

- Releasing Apprentices for college/off-the-job training in line with training plan
- Ensuring the experience, facilities and training necessary to achieve the outcomes of the training plan.
- Supporting and encouraging Apprentices and rewarding achievement
- Taking responsibility for the Health & Safety of Modern Apprentices.

Role of the Apprentice

Employed apprentices have the same responsibilities to their employer as any other employee. In addition, they have a range of commitments to their training programme.

Employed Apprentices' responsibilities include:

- Observing the company's terms and conditions of employment
- Agreeing a training/development plan with all parties involved
- Undertaking development in line with agreed training plan
- Attending meetings with trainers, assessors and verifiers as required
- Attending college/off-the-job training where required
- Providing evidence of competence
- Developing a collection of evidence (portfolio) and retain ownership of this throughout
- Behaving in a professional manner throughout

APPENDIX 2

Apprenticeship Centres (ACs)

Apprentices may only be registered through organisations approved by the SSC to deliver this Framework. Such approved organisations are called Apprenticeship Centres (ACs)

The AC may be the employer of the apprentice or a separate organisation such as a training provider, further education college, a private or voluntary training company or in some cases the employer themselves or employer partnerships.

In order to be approved, organisations must make a formal application to the SSC, seeking approval and establishing that the centre satisfies the following criteria:

Either

- 1 be approved by an appropriate Awarding Body as a centre for the assessment of the relevant SVQ/ CBQ (and Work Place Core Skills if these are being separately certificated)

or

- 2 be capable of demonstrating a contractual relationship with another approved centre for the assessment of those units for which the MAC does not have approval from an appropriate Awarding Body.

In addition

The SSC will maintain a database of ACs for the delivery of the apprenticeship within Scotland, which will be available to employers and others.

Organisations wishing to become ACs who have yet to obtain the necessary Awarding Body approval for assessment should first contact the Awarding Body direct.

In addition to the assessment of the Apprentice against the relevant standards set by the selected apprenticeship outcomes, the AC has responsibility for:

- Entering into a formal training agreement with the employer and Apprentice
- Registering Apprentices as candidates for the relevant SVQ/ CBQ (s) and other selected units with the appropriate Awarding Body
- Registering Modern Apprentices with the SSC
- Applying for the final 'Certificate of Completion' on behalf of Apprentices
- Informing the SSC of any material alterations to Apprentices' training plans or desired changes to the selected apprenticeship outcomes.

APPENDIX 3

APPRENTICESHIP SAMPLE TRAINING AGREEMENT

This Training Agreement is entered into by:

Name of Employer:	
Name of Apprentice:	
Name of Apprenticeship Centre:	

The **Employer’s responsibilities (employed status apprentices only)** are to:

- 1 employ the apprentice subject to the employer’s usual terms and conditions of employment;
- 2 provide the apprentice with the facilities, training and work place opportunities necessary to achieve the selected Framework outcomes specified in the apprentice’s personal training plan;
- 3 pay the apprentice an agreed salary which reflects the obligations of the employer and the opportunities for the apprentice;
- 4 in the event of the employer becoming unable to retain the apprentice after completion of the apprenticeship, to use reasonable endeavours to secure employment elsewhere;
- 5 in the event of the apprenticeship being terminated prematurely by either the employer or apprentice for any reason other than dismissal for unsatisfactory performance or misconduct, to use reasonable endeavours to secure employment and continuation of this apprenticeship elsewhere;
- 6 operate a formal Health and Safety policy and undertake the necessary legal and contractual responsibilities for health and safety of the modern apprentice; and
- 7 operate an Equal Opportunities policy which meets all legal requirements.

The **Apprentice’s responsibilities** are to:

- 1 work for the employer in accordance with the agreed terms and conditions of employment;
- 2 undertake training, attend courses if required, keep records, and take assessments to be determined by the employer and/or Apprenticeship Centre, and carry out such work as may be required in order to achieve the selected apprenticeship outcomes specified in the apprentice’s personal training plan;
- 3 be diligent, punctual, behave in a responsible manner and in accordance with the requirements of Health and Safety legislation relating to the apprentice’s responsibilities as an individual; and
- 4 promote at all times the employer’s best interests.

The **Apprenticeship Centre’s responsibilities** are to:

- 1 agree the content of the apprentice’s personal training plan as confirming that the selected apprenticeship outcomes and training plans meet the criteria of this apprenticeship
- 2 contract with the employer to provide the training and assessment necessary to enable the apprentice to achieve the selected Framework outcomes specified in the apprentice’s personal training plan; and
- 3 use its best endeavours to ensure that the employer provides the modern apprentice with the facilities, training and work place opportunities necessary to achieve the selected Framework outcomes specified in the apprentice’s personal training plan.

This agreement to be signed by all parties:
