Guide to Information available through our Publication Scheme

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- Publish the classes of information they make routinely available
- Tell the public how to access the information and what it might cost

Skills Development Scotland (SDS) has adopted the Model Publication Scheme (MPS) (updated March 2021) produced by the Scottish Information Commissioner. You can see this scheme [here](#) or by contacting us at the postal and e-mail address below:

Write to:

Corporate Affairs
Skills Development Scotland
Monteith House
11 George Square

E-mail: corporate.affairs@sds.co.uk

The purpose of this Guide to Information is to:

- Allow the public to see what information is available (and what is not) in relation to each class
- State what charges may be applied
- Explain how to find the information easily
- Provide contact details for enquiries and to get help with accessing the information
- Explain how to request information we hold that has not been published
- Be a strategic document for proactive publication by SDS

Availability and formats

The information we publish through the MPS is, wherever possible, available on our website. We offer alternative arrangements for people who do not want to, or cannot, access the information online or by inspection at our premises. For example, we can

usually arrange to send information to you in paper copy, although there may be a charge for this.

Exempt information

We will publish the information we hold that falls within the eight classes of information below. If a document contains information that is exempt under Scotland's freedom of information laws (for example sensitive personal information or a trade secret), we will remove or redact the information before publication and explain why.

There is no charge to view information on our website or our premises. There is a charge of £1 per document when viewing information about SDS at <https://www.gov.uk/government/organisations/companies-house>

We may charge for providing information to you e.g. photocopying and postage, but we will charge you no more than it actually costs us to do so. We will always tell you what the cost is before providing the information to you.

Our photocopying charge per sheet of paper is shown in the tables below:

	<i>Size of paper</i>	<i>Pence per sheet of paper</i>
<i>Black and white photocopy</i>	A3	15p
	A4	10p
<i>Colour photocopy</i>	A3	35p
	A4	20p

Information provided on CD-Rom will be charged at **£00.50** per computer disc.

Postage costs will be recharged to you at the rate we paid to send the information to you.

When providing copies of pre-printed publications, we will charge no more than the cost per copy of the total print run.

We do not pass any other costs to you in relation to our published information.

The classes of information that we publish

We publish information that we hold within the classes below. Once information is published under a class, we will continue to make it available for at least the current and two previous financial years (where possible).
