

Pilot FA L4/5 Employer Guide

SCQF Levels 4 & 5 Foundation Apprenticeships

Automotive

Construction

Hospitality

Benefits for an employer

an opportunity to work directly with young people at school, joining the dots between education and employment

create a talent pipeline for your organisation

scope to engage with your local community through the delivery of projects

What is a Level 4/5 Pilot Foundation Apprenticeship?

For secondary school pupils combining in class learning with a employer led project, where theory meets practice

Learners will develop industry awareness, technical skills and meta-skills. Meta-skills allow individuals to thrive in any context as creative and adaptive employees

Role of the employer: the project lifecycle

Define

Employer and teaching staff develop project outline

Plan

Learners, employers and teaching staff plan project

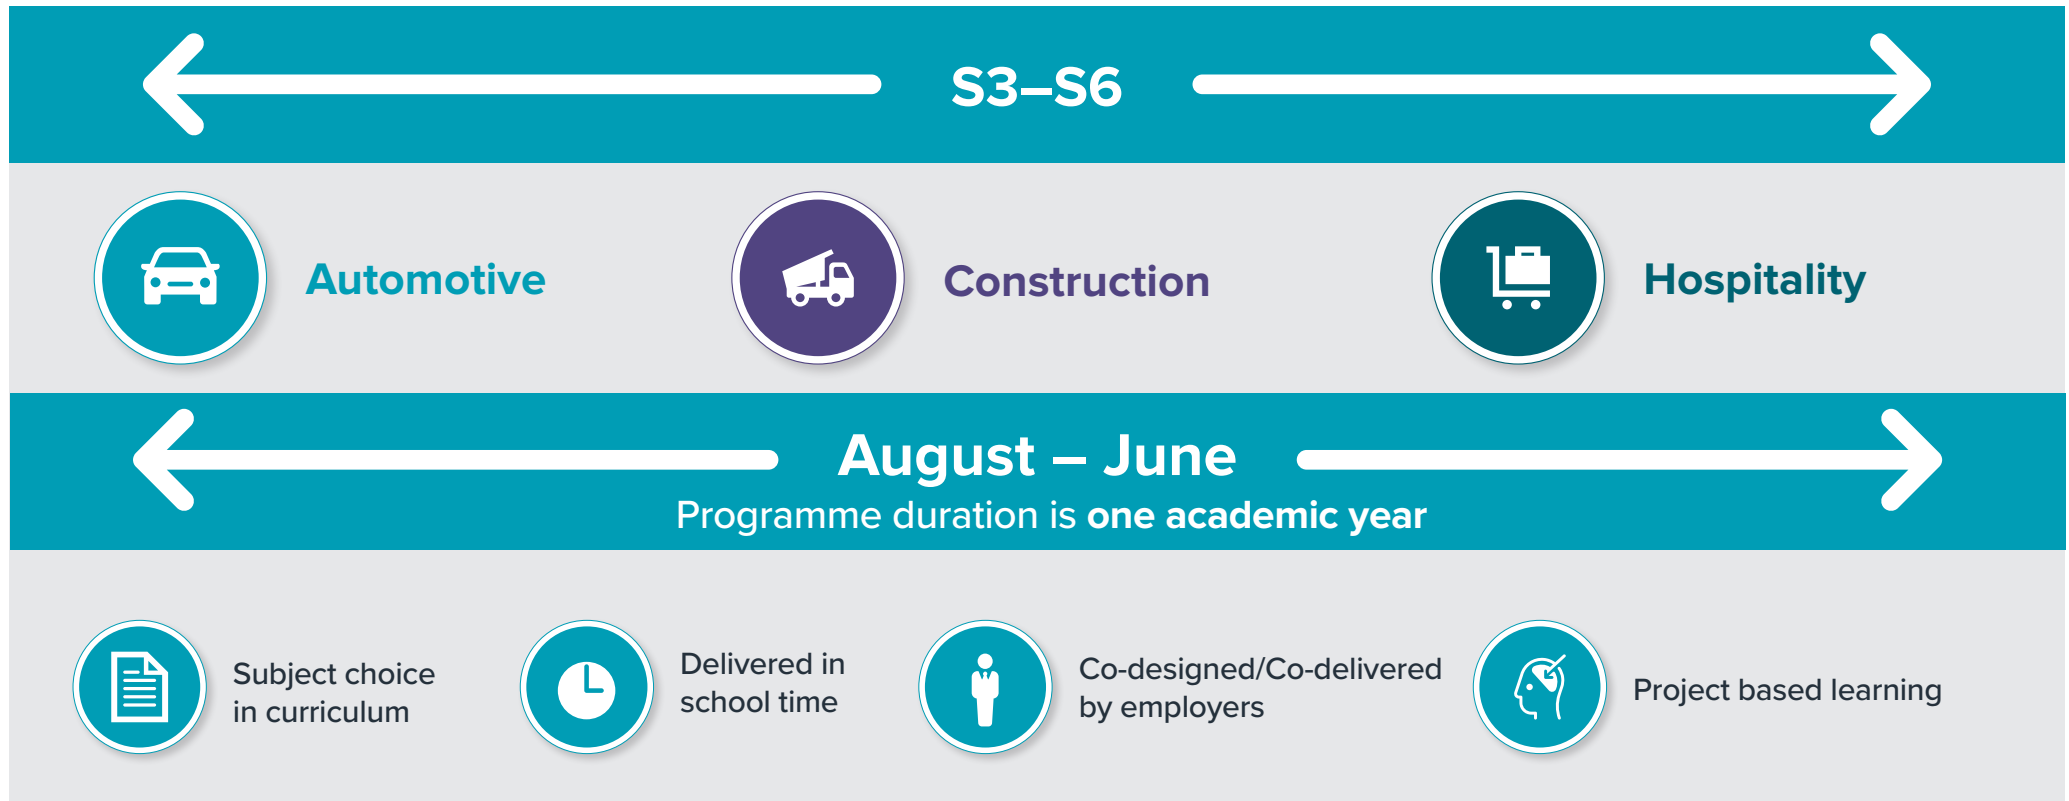

Do

Employer and teaching staff develop partnership and project outline

Review

Employer and teaching staff develop partnership and project outline
